**Code of Conduct**

I VINIL KUMAR S (192511226) (Name / Reg No)  
certify that this submission is my original work and that I have adhered to the guidelines specified for this assessment. I understand that any violation of academic integrity rules will result in disciplinary action.  
Signature of the Student: VINIL KUMAR S

**Instructions**

- This assessment contains peer review with individual presentation. Total: 100 Marks.
- Students should answer technical questions from peers and faculty.
- No negative marking. Unanswered questions carry zero marks.
- Students can use PowerPoint/Whiteboard/Live Coding/Demonstration for presentation.

| Section / Topic       | Focus                     | Q Nos            | Marks |
|-----------------------|---------------------------|------------------|-------|
| Linear Data Structure | Linked List, Stack, Queue | 1                | 100   |
| <b>GRAND TOTAL:</b>   |                           | <b>100 Marks</b> |       |

## Annexure A – Peer Review

### Rubrics for Calculation

| Criteria                            | Weightage | Level 4 – Exemplary                                                                                             | Level 3 – Proficient                                      | Level 2 – Developing                                   | Level 1 – Beginning                       |
|-------------------------------------|-----------|-----------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------|--------------------------------------------------------|-------------------------------------------|
| Understanding of Concept            | 20        | Demonstrates complete understanding of the selected data structure/search algorithm with accurate explanations. | Minor omissions but concepts are mostly correct.          | Partial understanding with noticeable conceptual gaps. | Unable to explain the concept correctly.  |
| Demonstration                       | 20        | Demonstrates all operations correctly using suitable examples or live coding                                    | Demonstrates most operations correctly with minor errors. | Demonstrates limited operations with several errors.   | Demonstration is incorrect or incomplete. |
| Presentation & Communication Skills | 20        | Organized, confident, clear explanation with effective visual aids.                                             | Good communication with minor presentation issues.        | Moderate communication; lacks organization.            | Poor communication & presentation.        |
| Question Handling                   | 30        | Answers all technical questions confidently with correct reasoning.                                             | Answers most questions correctly.                         | Answers some questions with partial understanding.     | Unable to answer technical questions.     |
| Time Management & Organization      | 10        | Completes presentation within allotted time with smooth flow.                                                   | Minor deviation from time.                                | Significant time management issues.                    | Presentation poorly managed.              |
